

Funding Update

Grant for retail, hospitality and leisure sectors

Following the latest lockdown imposed on businesses on 5 January 21 in response to rising COVID-19 cases, **Chancellor Rishi Sunak has announced a one-off grant worth up to £9,000 for selected businesses.**

The funding is for businesses in the retail, hospitality and leisure sectors who are forced to close as a result of the new restrictions and is to be allocated based on property rateable value.

The Government will provide -

- *£4,000 for businesses with a rateable value of £15,000 or under*
- *£6,000 for businesses with a rateable value between £15,000 and £51,000*
- *£9,000 for businesses with a rateable value of over £51,000*

It is estimated that over 600,000 businesses could benefit from the cash injection, available via applications to local authorities.

Strategic Framework Business Fund – Level 4 entitlement

Following the move into Level 4 for the majority of Scotland on Boxing Day, here is the latest information on the Coronavirus (COVID-19): [Strategic Framework Business Fund](#).

If you are a business that is only eligible for support at Level 4, you can apply to the Strategic Framework Business Fund (SFBF) from 26th December. If you have previously applied to the fund you do not need to reapply as all previous rejected applications will be reviewed for eligibility at Level 4.

Grant support will be available for businesses that are required to close by law every four weeks for as long as the restrictions last. If your business is specifically required by law to significantly modify their operations due to restrictions but can remain open, support will also be available.

The Strategic Framework support for business provides:

- **A Temporary Closure grant of £2,000 or £3,000** (depending on rateable value) for business required to close by law, payable every four weeks for the duration protective measures are in place.
 - £2,000 if their premises have a rateable value of up to and including £51,000; or
 - £3,000 if their premises have a rateable value of £51,001 or above.
 - An upper limit of £15,000 in total in any four-week period will apply to any eligible business operating multiple premises.
- **A Business Restrictions grant of £1,400 or £2,100** (depending on rateable value) for businesses that remain open but are specifically required to modify their operations by law, payable every four weeks for the duration measures are in place. This means that you are required to close earlier than normal, for example, not that you have to adopt physical distancing or that the demand for your products or services has been reduced because of the pandemic.
